
Blackmagic Design DaVinci Resolve Studio 16.1.0

[Download](#)

is a new state-of-the-art codec that delivers amazing image quality and lightning-fast performance in a new smart file format. Display The Fly Tornado N780i smartphone is equipped with a 4.7-inch IPS display with a resolution of 480 × 854 pixels, which will work exclusively with the Android software platform, thanks to its high-speed Snapdragon 400 processor running in Turbo Core 2.0 mode. The device will support HDR technology, which is perfect for photo lovers and connoisseurs of HDR video. The smartphone is equipped with Dolby Atmos audio technology and Dolby surround sound technology, thanks to which it will reproduce any of the available HD video formats with amazing accuracy. FlyTornado provides shooting with a resolution of 1280 × 720 pixels and a maximum viewing angle of 120°. In addition, the device has a 5-megapixel camera with autofocus and LED flash, which allows you to take high-quality and clear photos and make videos in Full HD. The front camera has a resolution of 1.2 megapixels and is great for selfie lovers. Battery The 1.3 GHz processor and 2 GB of RAM provide enhanced performance with fast access to cloud services and fast calculations. The front camera can be used as a front camera to browse the web or make video calls using Miracast technology. Battery life FlyTorneo N740i has a built-in 1930 mAh battery, which is enough to create 256 hours of video when watching videos. On the box In addition to the device, the delivery set also includes a user manual and a microUSB cable. In addition, the kit includes headphones and a branded microSD memory card. Link to the material - Specialists who sell various types of equipment pay special attention to the fact that when buying a phone, you must definitely pay attention to its equipment. Many smartphones and some other devices sold in stores are sold with a set of complete accessories. It can either be just the headset itself, with which you can
