**Final Words:**

Called forth from the cold void of the Far Realm, the Elden Ring, a world warped and transformed by the myth of the Elden Cry, was forged by those with Pure Bloodlines. In the world order of the Sacred Lands, the Perished Realm, the human race was reduced to a fraction of its former glory. It is a world of violent poverty, where pirates roam the oceans and trade their souls in return for tools and the bounty of the sea. It is a land in which corn grew everywhere, where the rivers ran with blood so thick, and the gales of discord rang in the night so pitilessly. The Gods and the Dead walked free ... As the blood ran red, and the soil turned to mud. Those who followed once upon a time, a thousand years ago, sang their final hymn. ... the time is now. Elden Ring is an amazing Action RPG that takes the players on a journey to explore a vast world, where they can level-up and develop their skills to become an Elden Lord.

**Key Features:**

**- Lots of enemies**
