The campaign is a breeze to play through, and the game is a great way to relax in front of the television."** Game On | Review **"The most impressive detail of all is the highly realistic graphical style of the characters, battles, and scenery... That, more than anything, makes this game special, and there's no doubt why it was chosen by IGN as a Game of the Week."** IGN | Review **"Truly breathtaking presentation of epic battles lends this anime-inspired tactical RPG an appealing atmosphere at a time when the genre is experiencing a resurgence of attention."** Paradigm | Review **"I'm a big fan of the strategy and**

**RPG genres, but I hadn't played a game like this in a long time... And it's just plain fun. The length of a typical RPG is really just one part of the game; the rest of it is perfectly crafted for shorter sessions... [A]chingly beautiful, often visually stunning, and an absolute joy to play... I'd say that The Elden Ring is definitely one of the best games I've played all year." StarCraft 2 | Review "The Elden Ring has a lot to offer; the Campaign mode, online play, and the City-State, for example, combine to create a strong RPG experience. It may not be the masterpiece that Yggdra Union is, but it's still a good game." Xbox Zone | Review "If you enjoy Tower Defense games, great graphics, and a lot of strategy, this is a must-buy." MSNBC | Review "The Elden Ring is a very fun, action-packed RPG with a fantastic storyline bff6bb2d33**
